

# DB360

## COIN SORTER

Extremely accurate and efficient. This machine counts, sorts and batches at speeds of 216 coins per minute.

### **FREE COUNT MODE.**

This is where the machine counts and sorts continually and gives an overall total of coins counted and also a total for each coin denomination.

makes counting  
money quick, simple  
& painless

### **BATCH COUNT MODE**

This is where each denomination is preset for bagging. When the correct amount of any coin is counted the machine stops and indicates on the display which coin is ready for bagging.

### **TECHNICAL SPECIFICATION**
